

CONSENT AGENDA ITEMS

APRIL 2017

Purpose:

The consent agenda is intended to streamline the process for approval of regular, routine issues that comes before the Board of Directors, based on the assumption that they have been dealt with by the appropriate committee in a thorough fashion. Such reliance upon the work of the Board committees is provided for in the governance policies. There is a presumption that many committee actions will be placed on the consent agenda unless the leadership determines that the matter should be reviewed in detail by the full Board of Directors. The following items will be included as part of the consent agenda.

Note:

Any Board member may request that any of the following items be removed from this consent agenda and moved to the regular agenda. Also note that Board members are expected to thoroughly review the consent agenda items and other pre-mailing materials prior to the meeting and anticipate that no verbal report will be presented.

MAJOR GRANT EXPENDITURE SUMMARIES

Low Income Home Energy Assistance Program (03/01/16 thru 03/31/17) Total Funding = \$4,258,448

Pro-Rated Funding (thru 03/31/17) = \$4,258,448 (100.0%)

Expended (as of 03/31/17) = \$3,674,783 (86.3% of Total Funding)

Crisis Energy = \$1,364,918 out of \$1,555,113 (87.8% of total "Crisis" allocation.)

Home Energy = \$1,238,800 out of \$1,847,410 (67.1% of total "Home Energy" allocation)

Performance: Due to delays in receipt of reimbursement from DEO, service delivery was slowed between September and November of 2016. Renewed spending did not begin again until early November. Staff are aggressively providing services with the goal of expending all services by the end of the grant. PLEASE NOTE: <u>All</u> funds not spent by closeout of the Grant, will be returned to ALPI through a Mid-Year modification.

Emergency Home Energy Assistance Program (04/01/16 thru 03/31/17)

Total Funding = \$113,705

Pro-Rated Funding (as of 03/31/17) = \$113,705 (100.0%)

Expended (as of 03/31/17) = \$113,705 (100.0% of Total Funding)

Direct Services = \$94,810 out of a pro-rata amount of \$94,810 (100.0% of allocation.)

Performance: All funds have been spent.

Florida Non-Profit Housing (07/01/16 thru 06/30/17)

Total Funding = \$26,400 (a 45% reduction due to Federal requirements)

Pro-Rated Funding (as of 03/31/17 = \$19,800 (75.0% of Total Funding)

Expended (as of 03/31/17) = \$22,678 (85.9% of Total Funding)

Performance: Approximately half of the original funding were redirected due to Federal directions; however, based on spending trends, the reduced amount should be expended prior to the end of the grant.

Florida Department of Education (07/01/16 thru 06/30/17)

Total Funding = \$60,000

Pro-Rated Funding (as of 03/31/17) = \$45,000 (75.0%)

Expended (as of 03/31/17) = \$35,721 (59.5% of Total Funding)

Performance: Contract was not received until July so spending has been slow. With the reduction of Florida Non-Profit Housing funding, it is anticipated that more DOE Funds will be utilized to meet demand resulting in the entire grant being expended by June 30th.

Community Services Block Grant (10/01/16 thru 03/31/18)

Total Funding = \$1,772,883.

Pro-Rated Funding (as of 03/31/17) = \$590,961 (33.3 % of Total Funding)

Expended (as of 03/31/17) = \$481,666 (27.2% of Total Funding)

Performance: Due to delays in release of the 2016-2018 grant, DEO provided "bridge" funding which advanced two (2) months of the new 18-month contract funding. As a result, services were initially limited during the first quarter (October thru December, 2016). With release of the new grant for 2016-2018, services are being increased with the goal to expend all funds by the end of the grant.

Instructions

The 50 States, District of Columbia, and the Commonwealth of Puerto Rico and other territories are required to use the LIHEAP Household Report-Long Form in providing household counts for the designated Federal Fiscal Year. The Report consists of the following six sections that are to include unduplicated household counts for both LIHEAP assisted and LIHEAP applicant households.

- I. Number of Assisted Households
- II. Number of Assisted Households by Poverty Interval
- III. Number of Assisted Households by Vulnerable Population
- IV. Number of Applicant Households
- V. Number of Applicant Households by Poverty Interval
- VI. Number of Assisted Households by Young Child Age Category

Except for Section VI, the household counts for LIHEAP assisted and applicant households are required under the LIHEAP statute. Section VI is optional. If LIHEAP funds are used for any other type of service not listed in the sections below, describe the service and the total number of households assisted with that service in the Notes Section.

The required data for LIHEAP assisted households for each State are included in the Department's LIHEAP annual Report to Congress. The required data are also used in measuring LIHEAP targeting performance under the Government Performance and Results Act (GPRA) of 1993, as amended by the GPRA Modernization Act of 2010. As the reported data are aggregated, the information in this report is not considered to be confidential.

Section II - Reporting Requirements

The 50 States and the District of Columbia are required to complete the LIHEAP Grantee Survey Section of the LIHEAP Performance Data Form in providing estimates of sources and uses of funds, average benefits, and the maximum income cutoff in dollars for a 4-person household as of the first day of the reporting period for each type of LIHEAP assistance provided during the reporting period.
